

Do the grammar of the sentences below and put the proper Tashkeel and the proper missing letters.

Procedure to follow:

1. Based on the tense of the verb, use Rule 1020 to find the proper Tashkil (Harakat) for the verb. Place this Haraka on the verb.
2. If the subject is female, then use Rules 1060 (for past) or 1070 (for present) to find out where to put the female Ta'a.
3. Find the subject noun and use Rule 1040 to find the Irab of the noun. Then use Rule 290 to pick the correct form. Then use Rule 285 to check if you need Tanwin or not. Then use Rule 280 to check the Surf.
4. Find the object noun and use Rule 1050 to find the Irab of the noun. Then use Rule 290 to pick the correct form. Then use Rule 285 to check if you need Tanwin or not. Then use Rule 280 to check the Surf.
5. If the object noun has Tanwin Fatha, then use Rule 150, note b to find out if you need to add an Alif. If yes, then put the Tanwin on the Alif, otherwise, the Tanwin is placed on the last letter of the noun. To get the Tashkil for the remaining letters use one of the following:
6. For Tashkil, you may use
 - a. The Harakat tool <https://harakat.ae/>
 - b. The Tashkeel tool <http://tahadz.com/mishkal>
 - c. <http://www.arabic-keyboard.org/tashkeel/>
7. For translations, you may use the following:
 - a. The Cambridge Dictionary <https://dictionary.cambridge.org/translate/>
 - b. The Meanings tool <https://www.almaany.com/ar/dict/ar-en/>
 - c. Google translator <https://translate.google.com>
 - d. <http://www.arabic-keyboard.org/translate/>

If you didn't set up Arabic keyboard on your computer, then use this Arabic keyboard <http://www.arabic-keyboard.org>

I have done examples for you to follow.
